Dear Colleagues,

The Belgian Heart Rhythm Association (BeHRA) is pleased to announce the

8th Belgian Heart Rhythm Meeting "Arrhythmias for every Cardiologist"

THURSDAY 2ND AND FRIDAY 3RD OCTOBER 2014

that will be held at the Sheraton Brussels Airport Hotel and Congress Centre.

With this meeting, we offer an annual opportunity for non arrhythmia specialists to update their knowledge with the most recent guidelines and innovations in clinical rhythmology.

This meeting, which focuses on daily management of cardiac arrhythmia's related issues and is specifically [designed for all cardiologists](#), welcomes over 500 participants each year.

A distinguished national and international faculty will share expertise on the various diagnostic tools and therapeutic possibilities available to cardiologists when deciding upon which approach best serves patients suffering from cardiac arrhythmias.

Besides teaching lectures, special case-based sessions will give the opportunity to discuss practical day-to-day questions with experts, covering all fields of arrhythmias, such as ECG interpretation, atrial fibrillation management and the use of pacemakers and defibrillators including cardiac resynchronisation therapy.

Abstracts will be selected for oral or poster presentation, leading to special rewards for the best abstract and the best poster.

The detailed scientific programme will be available in April. In the meantime, please [mark the dates in your diary](#).

We look forward to meeting you or welcoming you again on [Thursday 2nd and Friday 3rd October 2014!](#)

Yours sincerely,

Ivan BLANKOFF
