JUNE 25–27, 2015
FRANKFURT, GERMANY

INTERVENTIONAL IMAGING – STATE-OF-THE-ART

The Focus Workshop IMAGING on June 24, 2015 – takes place the day before CSI – is one-of-a-kind and a natural complement to CSI. It is designed specifically to provide physicians involved in structural interventions with the necessary and current imaging tools for safe and effective procedural performance. Register online on **www.csi-imaging.org**.
